My Younger Brother

F6 Name: Cassic 古嘉暄

My brother is the youngest child in my family. His name is Jim. My younger brother has a pair of big eyes. Although he is small, he is a tyrant in his kingdom – our house. But he is quite clever; he always shows others his good behavior. That's why outside, in everyone's eyes, he is a cute and sweet child.

My brother has two special hobbies. First, he likes to decorate our house. He always cuts and tears piles of papers and glue them on the walls. And he thinks that it is a good-looking decoration. Second, he likes brain storming. He can find out any reason to convince you why his opinion is right. If he has made mistake, he will debate with you. Finally, you will think he is innocent. What Did You Do During Winter Vacation?

F7 Name: Joe Chen 陳勇霖

It rained all day. Every day it rained, my father couldn't take me to the other place to play. I was a little angry, but I could play games all the day. It was very interesting and fun and I could watch TV with my family. We laughed a lot during winter vacation!

When the sun came out, my friend played baseball and basketball with me. Baseball is my favorite. My friend was funny. He is very fat, but playing with him is fun. I went to his house and we watched "NBA". This winter vacation, I always played with him. I loved it.

My Favorite Place in Taiwan

F8 Name: Coco 林堯

I like Nantau very much. In Nantau the weather is good and the view is spectacular. Another reason why I like Nantau is because my grandmother lives there. Because her home is there, I can go there many times and if I want to, I can play there all day and sleep at my grandmother's house.

I also like Hualien very much. In Hualien the air is very clean so I sometimes wish I could live there even for only a few days. The problem with Hualien is that there are many strong earthquakes and that sometimes causes Hualien to be a troubled city.

Even though I like those two cities I still like Keelung the most. Here we can eat a lot of kinds of seafood and we can easily see the ocean. Keelung is a harbor city. The only disadvantage we have in Keelung is the fact that it always rains here. However, it is still my favorite place; Keelung.

My Pet

F9 Name: Wilson 李育丞

I have a pet. It is a mouse. Its name is Mit. It has much fur and it's fat. I've been feeding it since five mouths ago. It's very cute. When I have free time, I'll play with it. I let it run all over my bedroom. I must be careful or it will run away. I put a ladder against the wall to let him get up it. It always enjoys it. He will drink some water after playing a game. He loves the sun flowers feeds, so I bought a lot of it. It will scream when someone but me touches it. It will bite the person who touches him. When it's sleeping, it becomes very cute, but just a little noise and it will wake up. I hope Mit won't die because I love it very much.
